## STATE TEAMS TROPHY CALCULATIONS FOR 2014 NATIONALS

Nett scores of the two highest placed competitors in each division be added together to give each State / Territory a cumulative score. If they only have one competitor in a particular division, they take that score and add the score equivalent to DNC for every race. If they are not represented in a particular division at all, they get 2 x the score equivalent to DNC for every race. Lowest overall points wins.
